

Power Affirmation By Victoria Lorient-Faibish Med, RP

Thank you, Universe, for showing me that all issues that are pending or problematic are now solved and resolved.

Thank you.

Thank you, Universe, for showing me how good life can get.

I am deeply supported by life and the universe. I'm deeply loved and supported. I am rich, healthy, happy, and wise. I totally believe in my ability to manifest money quickly. I believe in my value and in my worth and in my capabilities. I'm so happy and grateful now that massive amounts of money flows to me with ease constantly. I am free to do whatever I want, whenever I want with my time and there's more than enough money at all times for me to be free in my time and also to be extremely wealthy .

I give myself permission to receive new levels of health, love, abundance, prosperity and miracles in all areas of my life now.

I grant permission to the universe to bring me miracles to remind me that I am worthy of great love, great health, freedom, prosperity, money and abundance of all kinds. It is done. I am a magnet for amazing, vibrant health, prosperity, abundance, wealth and opulence.

All energetic ties to old soul contracts regarding my mind, body and soul are now severed. I am now free of all karmic ties to old ways of being, old chords of attachment and soul contracts that no longer serve me. I am free.

So it is.

Take a deep breath and feel that this blessing is already done. Feel yourself receiving incredible amounts of love and abundance. Feel it through your body and feel it as if it's already happened. Imagine you're celebrating this with those you love.
